# Juanith Thomas

## Student

An ambitious, aspiring software engineer.

✉ juanithmathew@karunya.edu.in    📱 7016704549    📍 Bharuch, India    📅 25 September, 2002

## EDUCATION

### Middle and High School
**The Aditya Birla Public School**

*04/2015 - 02/2020*                    *Bharuch, Gujarat, 85.6%*

*Courses*
- Science (Math, Physics and Chemistry)

## WORK EXPERIENCE

### Senior Coordinator
**IAESTE India, LC KU**

*10/2021 - Present*                    *Coimbatore, India*

## SKILLS

Programming in C, Python & Java.

Keras, PyTorch and Tensorflow to work with AI.

Database management systems like MySQL

Web frameworks like dJango

## PERSONAL PROJECTS

AI gesture detection system (03/2022 - Present)
- 9 courses related to Deep learning, AI and neural network building are completed and relatively complex neural networks have been built. Implementation of the theory on the final project is pending,
- Upcoming implementation of an NFT display, buy/sell application. Built on blockchain technology, ETH coins can be used for buying NFTs.

## ORGANIZATIONS

Karunya Institute of Technology and Sciences (09/2020 - Present)
*Student*

## CERTIFICATES

Nvidia deep learning courses completed - 4

Kaggle CV/DL courses completed - 2

IBM big data courses completed - 1

NPTEL English language courses completed - 1

CISCO networking courses completed - 1

Datacamp deep learning courses completed - 2

Google industrial IoT courses completed - 2

## LANGUAGES

English
*Full Professional Proficiency*

Hindi
*Full Professional Proficiency*
